### **Tenure-track faculty positions, the School of Computer Science**

The University of Aizu's School of Computer Science and Engineering is inviting applications for tenure-track faculty positions

The University of Aizu is seeking outstanding and innovative persons in Computer Science and Engineering (CSE) fields from academia and industry. The School of Computer Science and Engineering invites applications for faculty positions at our bilingual university.

Faculty should be able to teach undergraduate and graduate courses and conduct research in the CSE area. Applicants should also have a strong interest in working with other faculty members and promoting University-Industry relations through cooperative research projects and other activities. Applicants with teaching experience are preferred. Experience in practical research applications is also highly desirable.

Three-year tenure-track appointment followed by evaluation and tenure until the mandatory retirement age of 65 if qualified.

Duty hours: 7 h 45 min/day, 38 h 45 min/week (\*The UoA uses a discretionary working hour system for faculty members. As discretionary workers, faculty are in principle given discretion to the start and end of their work day, the content of their teaching and research duties, the methods for carrying out those duties, and allocation of time related to such duties.)

Salary and rank: Commensurate with qualifications and experience according to regulations of Fukushima prefecture.
