Computer Science and Cybersecurity Faculty

Location: Hudson, NY

Position Classification: Full-Time, Tenure-Track

Application Deadline: Until Filled

The Opportunity

Columbia-Greene Community College, a small, rural community college dedicated to academic excellence and student success, invites applications for a tenure-track faculty position in Computer Science. The successful candidate will play a key role in developing and delivering high-quality courses to support our Computer Science program and related fields. We seek a dynamic and innovative educator who is passionate about teaching and mentoring students in a supportive and inclusive learning environment. Preference will be given to candidates with experience in cybersecurity and/or data science in addition to their computer science expertise. This position offers an excellent opportunity to shape the future of computer science education at a college committed to serving a diverse student population. Position starts Fall 2025.

Minimum Qualifications

A Master's degree in Computer Science, Cybersecurity or a closely related field.

At least one year of college-level teaching experience in computer science.

Demonstrated ability to teach a range of computer science courses effectively, such as programming, data structures, algorithms, or systems.

Familiarity with the principles and operation of technical cybersecurity on computers and networks.

Strong commitment to fostering an inclusive and supportive learning environment for students of diverse backgrounds.

Preferred Qualifications

Experience in cybersecurity, data science, or related discipline.

Familiarity with instructional technology and innovative teaching methods, including online and hybrid course delivery.

Experience mentoring students in undergraduate research, internships, or capstone projects.

Knowledge of current trends and practices in computer science education.

Teaching Duties and Responsibilities

The duties below are representative of the duties of the classification and are not intended to cover all duties performed by the incumbent(s) of any position. The omission of specific statements of duties does not exclude them from the position if the scope of work is similar, related, or a logical assignment to this classification.

Update existing program and course curriculum. Maintain expertise in current teaching methodologies, technologies, and curricula while developing new instructional materials and techniques to meet the changing needs of students.

Assist with the management of student learning outcome (SLO) creation and assessment.

Support new and existing local business partnerships that serve the best interest of our students.

Collaborate with faculty, staff, and administrators to enhance instruction, curriculum, student success, and student completion.

Participate in the development and/or selection of course materials, equipment, technology, and online instruction that will enhance the offerings of the department.

Consult with students during regularly scheduled office hours.

Serve as a member of department, division, and college committees.

Perform other duties as required by contract, collective bargaining agreement, and general institutional needs in a timely manner.

The college offers day, evening, and online classes. Faculty may be required to teach a class in the evening or online.

Salary and Benefit Information

Contractual starting salary \$51K and rank will be commensurate with education and work experience. The College offers a comprehensive benefits package that includes medical and dental insurance, short- and long-term disability, generous sick leave, paid holidays, pre-tax flexible spending accounts, retirement plans, tax-deferred compensation, as well as employee and dependent tuition waivers. Public Service Loan Forgiveness to those who meet eligibility.

Application Information

For full consideration, applicants must submit the following: (1) cover letter; (2) CV or resume; (3) copies of unofficial transcripts; and (4) contact information for three professional references. Submit all as a single PDF document to: HR@sunycgcc.edu. Applications will be accepted until the position is filled.

Columbia-Greene Community College does not discriminate against any employee, applicant for employment, student or applicant for admission based on an individual's race, color, national origin, religion, creed, age, disability, sex, gender identification, gender expression, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, veteran status, domestic violence victim status, criminal conviction or any other category protected by law. The College adheres to all federal and state civil rights laws prohibiting discrimination in public institutions of higher education.

The College makes every reasonable effort to ensure equal access to employment opportunities for individuals with documented disabilities. If you require reasonable accommodations for completing the application process, please contact the Human Resources Department at 518-697-6337.
