Assistant Professor, Computer Science

Park University

Park University invites applications for a tenure-track position at the rank of Assistant Professor, appointment effective Fall 2025. All areas of Computer Science specialization will be considered, but we are especially interested in applicants with experience or specialization in Cybersecurity. We have a strong commitment to transforming lives through accessible, student-centered, quality education and embrace inclusivity that fosters diversity, collaboration, innovation, and student success.

Position Accountabilities

Duties and responsibilities include active engagement in teaching, research, student advising, institutional services and curricular development activities at both undergraduate and graduate

levels.

Job Location:

Park University's flagship campus is located in Parkville, MO, within the Kansas City Metropolitan Area.

Position Requirements:

Processed at the time of employment, a PhD in Computer Science or closely related area from an accredited institution.

(ABD can be considered with commitment to completion within one year after the effective date of employment.)

Demonstrated potential for teaching excellence with evidences from prior teaching experiences which could include preparing lectures, delivering lectures, designing assignments, grading assignments, and advising or mentoring students.

Demonstrated potential for maintaining an active research agenda.

Preferred Qualifications:

Teaching experiences as a sole instructor.

Experience in teaching using Canvas or other LMS tools.

Course development experience or evidence of the ability to develop both in-person and online courses.

Relevant research and work experiences - we are especially interested in applicants with experience or specialization in Cybersecurity.

Application:

Qualified applicants must upload a cover letter, teaching philosophy, curriculum vitae, transcripts, a list of 3-5 names and contacts of professional references, 3 letters of recommendation (optional), and relevant materials such as student-opinion-of-teaching survey data, to the application portal. (Click on "Apply" above.)

This position will be open until filled. Applications will be expeditiously reviewed. Salary, rank, and service credit negotiable for exceptionally qualified candidates.

Benefits:

We offer an excellent benefits package including health, dental, and life insurance, retirement plan, and tuition paid undergraduate classes for employees and dependents. Professional development funds and resources are available to help the faculty member develop a rewarding and long-lasting academic career.

About Park University:

Park University is a private, independent masters-level institution serving about 7,000 students each semester nationally through its flagship campus in Parkville, MO; residential campus in Gilbert, AZ; over 20 campus centers in 16 states; and a robust array of undergraduate and graduate degrees available fully online. Park provides innovative, accessible and flexible education through traditional, online and distance delivery.

Honoring its founding mission to provide academic access to all qualified learners, the University continues to serve a highly diverse student population, with 50% coming from racial and ethnic groups underrepresented in higher education, including international students from 76 countries. Students system-wide comprise many working adults, and some are active-duty personnel serving all branches of the [U.S.](#) military.

Computer Science programs are offered through Park's College of Management, which also includes the Robert W. Plaster School of Business. Information about all undergraduate and graduate degrees and certificates offered at Park can be found in the University catalog.

Park University is an equal opportunity employer and encourages applications from women and minorities.

About the Kansas City Metropolitan Area:

Kansas City metropolitan area is among the most entrepreneurial cities in America with a population of 2.4 million. A number of suburbs in the KC-area rank as top places to live in the US. With big city live and urban charm, the KC metro features world-class museums, vibrant arts, music, and culinary communities, national championship athletic teams, family attractions, top school districts, healthcare systems, and outdoor opportunities, a newly renovated international airport with many nonstop flights to major North American destinations, and an affordable cost of living. In 2023, Kansas City was named one of the FIFA World Cup 2026 host cities. Park University is an official educational partner of the Kansas City Chiefs.

Founded in 1875, Park University is a private, liberal arts university. Park's flagship campus is located in the Kansas City suburb of Parkville, Missouri, on the bluffs overlooking the Missouri River. We offer an excellent benefits package including health, dental, and life insurance, retirement plan, and tuition-paid undergraduate classes for employees and dependents. Park University is an equal-opportunity employer and encourages applications from women and minorities.

Qualified applicants must upload a resume and cover letter that includes salary requirements.
