Senior Lecturer, Computer Science

Employer

KHALIFA UNIVERSITY

Location

Abu Dhabi, United Arab Emirates

Description

Senior Lecturer - Computer Science

Job Purpose The responsibilities of Senior Lecturer shall be an appropriate combination of:

Dissemination of knowledge through undergraduate and / or graduate teaching; and

University and community service

Teaching:

Teach at undergraduate level in subject areas and on time schedules allocated by the Department Chair

Prepare teaching material including course outline, syllabus and lesson plans. Revise the subject matter on a regular basis as appropriate for that subject

Contribute to the development, planning and implementation of a high quality curriculum

Provide students with detailed syllabus, methods of instruction and evaluation in their courses

Engage in the selection of textbooks and other teaching aids necessary to the instruction of courses

Monitor students' performance in their subject areas and provide remedial classes when necessary

Set and mark exams, coursework, assignments, laboratory work, homework, and any other relevant activity

Use up-to-date instructional technology and ensure the delivery is clear and consistent

Supervise teaching internships

Develop and improve their scholarly competence and effectiveness as teachers within the area of expertise

Serve in a collegial fashion and in accordance to the University's policies when dealing with other faculty members, students, administrators and members of the public

Carry out any other duties commensurate with the position

University and community Service:

Contribute to departmental, or University-wide working groups or committees as requested

Contribute to student recruitment, retention and placement efforts

Foster service by contributing to the community at large in participatory, developmental or advisory capacity

Support and participate in student organization activities

Adhere to the University's information security and confidentiality policies and procedures, and report breaches or other security risks accordingly

Coordinate with other departments to facilitate the accomplishment of tasks and responsibilities, as and when needed

Engage in outreach, collaboration, and public engagement activities.

Perform any other tasks assigned by the Line Manager

Qualifications

Qualifications & Experience Required Qualifications

Master's degree in related discipline from a recognized institution.

A minimum of 8 years of experience relevant to the position.

Should you require further assistance or if you face any issue with the online application, please feel to contact the Recruitment Team (recruitmentteam@ku.ac.ae).
