Postdoctoral Fellows in Cybersecurity and Machine Learning

Employer

THE UNIVERSITY OF HONG KONG

Location

Pok Fu Lam, Hong Kong

Ref.: 531009

Work type: Full-time

Department: HKU Musketeers Foundation Institute of Data Science (47000)

Categories: Senior Research Staff & Post-doctoral Fellow, Research Staff

Multiple postdoctoral positions are available at the JC STEM Lab of Intelligent Cybersecurity at the University of Hong Kong. Each position is funded up to three years by the Innovation, Technology, and Industry Bureau and Education Bureau of the Government of Hong Kong.

Applicants should have PhD degrees in computer science, electrical engineering, mathematics, statistics, or related disciplines. They should have strong research background in security (e.g., software security, systems security, network and mobile security), computer science, machine learning, or statistics. More information is available at https://sec.hku.hk

AKATECH

The University only accepts online application for the above posts. Applicants should apply online and upload an up-to-date CV and a cover letter. Review of applications commences as soon as applications are received and continues until the positions are filled.
