Assistant/Associate Professor in Statistics

Job description / Role

United Arab Emirates University (UAEU), established in 1976 as a federal institution with a focus on intellect, culture, and science, is the oldest and leading university in the UAE. Known for its pioneering spirit, it is one of the top universities in the region, and has a vast and influential alumni network of more than 65.000 graduates.

The "UAEU aims to be an innovative, socially-conscious university which will generate a community of future leaders by encouraging collaborative research, providing a learner-centric educational experience and cultivating a spirit of entrepreneurship." (mission statement).

With the vision of "Advancing Knowledge, Serving Society, and Developing Future Leaders." In line with this mission and vision, the College of Business and Economics (CBE), AACSB accredited since 2000, redefined its strategy, accordingly, reflecting its ambition to be, from a business angle, a catalyst for technologically-driven innovation in relation with the digital economy and the 4IR, and focusing on:

- leadership, managerial, business and economic challenges in relation with the 4IR, the digital economy, technologically-driven innovation, and induced business-model innovation;
- accelerated development of graduate education; and
- strengthening corporate relations and internationalisation.

As part of this strategy, the CBE is now recruiting an Assistant / Associate Professor in Statistics with a proven strength in statistical computing and big data.

The ideal candidate will have a primary research and teaching interest in Statistics with interest in statistical computing and big data. The position entails teaching at undergraduate and graduate levels, and strong engagement with practice and the business community.

Key Duties and Responsibilities: The appointed candidate will be expected to:

- Develop and teach undergraduate and postgraduate courses in statistics;
- Engage in innovative and technology-based approaches to learning and teaching;
- Publish high quality research in leading internationally recognized journals;
- Participate in the supervision of undergraduate and postgraduate research projects and/or

dissertations;

- Participate in committees at the departmental, college and/or university levels as assigned;
- Actively engage in promoting the growth of the UAE University; and
- Provide consultancy to researchers, and the business community.

Recruitment Process

The application package should include a cover letter indicating how you meet the selection criteria, a detailed resume, teaching philosophy, courses taught, professional designations/expertise in statistics, and a brief description of current/future research activities. English is the language of instructions and communication in the CBE.

The review of applications will begin on 15 January 2022 and will continue until the position is filled. To ensure that your application is considered, please, apply before the application review date is advised.

A generous benefits package is offered to successful applicants, which includes a competitive tax-free salary that is determined according to rank and experience, yearly round-trip air tickets for the instructor and his/her family (spouse and up to three children), tuition support for children's schooling, a one-time settling-in allowance, free housing accommodation, free health care insurance, paid holidays and summer vacation, and an end-of-contract gratuity.
